

Optimize Your NP & PA Workforce

# Acute Care Pediatrics Excellence & Education for NPs & PAs

## Overview

ThriveAP's Acute Care Pediatrics Program is a live and online 12-month curriculum to help employers support nurse practitioners (NPs) and physician associates (PAs) to improve patient access to care and efficiently address the unique needs of acute care pediatrics. The systems-based curriculum includes didactic clinical training in topics ranging from inpatient management, to endocrinology, respiratory care, trauma and burn, and behavioral and mental health.

## Program Details

This is a comprehensive, 12-month synchronous and asynchronous program, with 10 start dates annually, designed to align in accordance to the Physician Pediatric Hospital Medicine Blueprint & Certified Pediatric NP Acute Care Exam. The guided curriculum promotes collaborative, evidence-based practices and patient-centered care, awarding over 100 hours of CME/CE upon completion. Employers obtain data-driven insights and success metrics of their participants each month, while ThriveAP learners gain expertise, professional development, and one-on-one coaching from highly respected NP and PA leaders in the field of acute care pediatrics, alongside a supportive cohort of peers. Whether the learner is a newer NP or PA, a provider transitioning to acute care pediatrics, or an expert provider exploring a new field, our ThriveAP programs support providers and mitigate learning gaps for confident and competent care.

## Course Details

### Improved Patient Access to Care

Empower providers for increased coverage, wRVUs and value-based care.

### Efficient Provider Workforce

Optimize provider billing, coding, charting and documentation.

### Reduced Ramp-Up Time

Quickly onboard providers to perform at top of licensure with highest-quality care.

### Enhanced Provider Confidence

Reduce risk and improve provider competence, satisfaction and retention.

### Provider & Patient Satisfaction

Streamline processes and improve operational effectiveness for better outcomes.

### Tailored Professional Development

Enhance role-specific conflict-management, communication and team collaboration.
