# Next-Gen APP Training for Government Healthcare

Meeting the Needs of VA & Public Health Systems

ThriveAP is not just an onboarding program — it's a scalable, evidence-based workforce solution built to develop, support, and retain Advanced Practice Providers (APPs) across government healthcare settings.

## ThriveAP Program

- » **Transition to Practice (12 Months)**  
A structured, year-long clinical education program for newly graduated or transitioning APPs that builds confidence, consistency in care, and long-term retention.

## Proven Partner to Healthcare Systems Nationwide

ThriveAP has partnered with major healthcare systems across the U.S., delivering measurable results in workforce development and patient outcomes.

## Why APPs Specialize

- ✓ **Improve Retention**  
Combat APP burnout and turnover with structured support and career growth pathways.
- ✓ **Increase Access to Care**  
Empower APPs to practice at the top of their license — enhancing access, especially in underserved or rural settings.
- ✓ **Ensure Operational Efficiency**  
Minimize onboarding time, reduce variability in care, and maximize clinical productivity.
- ✓ **Support Mission-Aligned Care**  
Programs are built with government priorities in mind — from veteran-centered care to system-wide workforce stability.

## Let's Build the Future of Government Healthcare, Together.
