

INTRODUCING

# ThriveAP Upskilling

Our 3-month asynchronous curriculum for  
nurse practitioners & physician associates

We're proud to introduce **ThriveAP Upskilling**, a shorter, focused, asynchronous curriculum for clinical training that can be completed in only 3 months.

Organizations can empower their top nurse practitioners (NPs) and physician associates (PAs) to quickly advance their specialty-specific clinical skills with targeted, in-depth, video tutorials that can be accessed anytime, anywhere.

## Upskilling Programs

Our courses include programs in family medicine, surgery and medical specialties.

- Dermatology
- Endocrinology
- Geriatrics
- Orthopedic Surgery
- Orthopedics, Non-surgical
- Pediatrics
- Professional Development
- Psychiatry
- Women's Health

1

### ENHANCE CLINICAL SKILLS

and knowledge in the targeted specialty to stay up to date on current trends & advancements in the field

2

### DEVELOP NEW COMPETENCIES

to expand clinical capabilities and meet the changing demands in areas of specialty

3

### INCREASE CONFIDENCE

and motivation of providers with access to tools and resources needed for professional growth and career advancement

**ThriveAP** is not just an onboarding program, it's an APP workforce transformation solution for health systems. By taking advantage of both the 12-month Transition to Practice (TTP) program and our 3-month Upskilling Programs, employers can build long-term retention strategies, ensuring cost savings, efficiency, and improved patient access to care.

### Each Upskilling Program consists of:

1. Pre-course self-assessment
2. On-demand video curriculum
3. Final self-assessment
4. Receipt of 10-15 hours of CME/CE, depending on the chosen course
